2 Accessibility Statement for Nelson+

This accessibility statement applies to the Nelson+ Screening Solution.

The Nelson+ Solution is primarily used by authorised healthcare professionals involved in delivering screening programmes. Where implemented, a Client Portal may also be available for individuals enrolled in the programme.

Nelson+ is committed to ensuring that the solution is accessible and usable for a wide range of users. Accessibility considerations are taken into account during the design and development of the system.

2.1 Compliance Status

The Nelson+ Solution is designed with accessibility principles in mind and aims to align with the Web Content Accessibility Guidelines (WCAG) version 2.2 Level AA. We continue to review and improve accessibility over time.

2.2 Accessibility Approach

Accessibility considerations are incorporated during the design and development of the solution. This includes:

- Clear and consistent navigation structures
- Use of structured layouts and readable interface components
- Compatibility with modern web browsers
- Responsive design to support use across different devices and screen sizes

2.3 Feedback and Contact Information

If you encounter accessibility issues while using the Nelson+ Solution, please contact:

Nelson+ Compliance Team

Email: compliance@nelson-plus.org

Website: <https://www.nelson-plus.org>

We will review feedback and work with customers to address accessibility issues where possible.
